OVERVIEW 64,296 - Total Passengers for 1st Half of 2014 (+48% over 1st Half of 2013)
128,000 - Passenger Total, Projected for 2014 (94,212 Passenger Count in 2013)

June was a remarkable month and 2014 is on schedule to be an incredible year!

Proof positive "that a steadily growing number of travelers are choosing YNG over other airports in the region because of our convenience, affordability, and the simpler, better airport experience we offer."

Allegiant representatives have remarked that the Youngstown-Warren Regional Airport is truly an inspirational 'success story' and the Allegiant Travel Company has even scheduled increased flight services, beginning October 2014 for the PGD, PIE, and SFB Florida destinations.

YNG - A Work in Progress. The intention is to stay on track with necessary improvements and continued efforts to acquire daily air service. With community support and involvement, we can collectively enhance true Economic development for the entire community and the OH-Penn region.
